TITLE 16. BOARD OF BEHAVIORAL SCIENCES

DEPARTMENT OF CONSUMER AFFAIRS BOARD OF BEHAVIORAL SCIENCES NOTICE OF PROPOSED CHANGES IN THE REGULATIONS

NOTICE IS HEREBY GIVEN that the Board of Behavioral Sciences (Board) is proposing to take the action described in the Informative Digest. Any person interested may present statements or arguments orally or in writing relevant to the action proposed at a hearing to be held at 1625 North Market, El Dorado Room, Sacramento, California, at 9:00 a.m., on August 4, 2008. Written comments, including those sent by mail, facsimile, or e-mail to the addresses listed under Contact Person in this Notice, must be received by the Board at its office no later than 5:00 p.m. on July 28, 2008 or must be received by the Board of Behavioral Sciences at the hearing.

The Board, upon its own motion or at the instance of any interested party, may thereafter adopt the proposal substantially as described below or may modify such proposals if such modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person designated in this Notice as contact person and will be mailed to those persons who submit written or oral testimony related to this proposal or who have requested notification of any changes to the proposal.

Authority and Reference: Pursuant to the authority vested by Sections 4990.20 of the Business and Professions Code, and to implement, interpret, or make specific Sections 4980.40 and 4980.44 of the Business and Professions Code, the Board is considering changes to Division 18 of Title 16 of the California Code of Regulations (CCR) as follows:

INFORMATIVE DIGEST / POLICY STATEMENT OVERVIEW

The Board proposes to add Section 1832.5 to Title 16 of the California Code of Regulations. This section pertains to the requirements for degrees from educational institutions approved by the Bureau for Private Postsecondary and Vocational Education (BPPVE).

Existing law authorizes the Board to regulate Marriage and Family Therapist (MFT) licensure and MFT intern registration and specifies the requirements for licensure and registration. Existing law also confers upon the Board the authority to make the final determination whether a degree meets all of the Board's requirements for licensure or registration. Business and Professions Code section 4980.40 requires applicants for MFT licensure to possess a doctor's degree or master's degree from a school, college, or university accredited by the Western Association of Schools and Colleges (WASC), or approved by the BPPVE or the Commission on Accreditation of Marriage and Family Therapy Education (COAMFTE). Business and Professions Code section 4980.44(a)(1) imposes the same requirements to qualify for an MFT intern registration.

This proposal would permit the Board to recognize applicants for MFT licensure and MFT intern registration who obtain a degree from a BPPVE–approved school between January 1, 2009 and June 30, 2012 to continue to qualify for licensure and registration, as long as the school held an approval to operate as of June 30, 2007. This proposal will only authorize the Board to recognize these degrees from these BPPVE–approved schools until either legislation reenacts the Private Post-secondary and Vocational Education Reform Act and the BPPVE or until legislation provides for a successor agency to BPPVE.

FISCAL IMPACT ESTIMATES

<u>Fiscal Impact on Public Agencies Including Costs or Savings to State Agencies or Costs/Savings in Federal</u> Funding to the State: None

Nondiscretionary Costs/Savings to Local Agencies: None

Local Mandate: None

Cost to Any Local Agency or School District for Which Government Code Section 17561 Requires Reimbursement: None

<u>Business Impact:</u> The Board has made an initial determination that the proposed regulatory action would have no significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

AND

The following studies/relevant data were relied upon in making the above determination:

There would be no costs to businesses or individuals to comply with this regulation, and there are no other economic costs anticipated. This proposal would benefit the 21 school programs offering degrees required for MFT intern registration and MFT licensure. The economic impact of the proposal to individuals is to avoid the loss of income that could occur for graduates between January 2, 2009, and June 30, 2012, as a result of their schools not being recognized by the Board. The Board estimates that an average of 358 students graduate from approved MFT programs per year. To businesses, the economic impact of this proposal is to avoid the potential loss of revenue from these students who may decide not to enroll in a formerly-approved BPPVE school that issues degrees that are no longer recognized by the Board.

Impact on Jobs/New Businesses: The Board has determined that this regulatory proposal will not have any impact on the creation of jobs or businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California.

Cost Impacts on Representative Private Persons or Businesses: The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Effect on Housing Costs: None

EFFECT ON SMALL BUSINESS

The Board has determined that the proposed regulations would not affect small businesses. This proposal will continue the current practice of recognizing qualifying degrees conferred upon applicants from BPPVE—approved schools.

CONSIDERATION OF ALTERNATIVES

The Board must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would either be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposal described in this Notice.

Any interested person may present statements or arguments or ally or in writing relevant to the above determinations at the above—mentioned hearing.

NOTICE OF PROPOSED RULEMAKING

DIVISION 6, PART 6, CHAPTER 1, ARTICLE 3, OF THE CALIFORNIA CODE OF REGULATIONS REGARDING FINANCIAL ASSISTANCE FOR FLOOD MANAGEMENT PROJECTS AND SMALL FLOOD MANAGEMENT PROJECTS

In order to be considered before the DWR adopts the proposed regulations, written comments that present statements, arguments, or contentions relative to the proposed action must be received by 5 p.m. on July 28, 2008.

Following the July 29, 2008 hearing, DWR may adopt the proposed regulations if they remain substantially the same as described in the informative digest. DWR may make changes in the proposed regulations

before adopting them. The text of any modified regulations will be made available to the public with the changes clearly marked at least fifteen (15) days before the DWR adopts the regulations. A request for the modified text, if there is one, should be addressed to the agency official designated in this notice. DWR will accept comments on the modified regulations for 15 days after the date on which the revised text is made available.

AUTHORITY AND REFERENCE

DWR is proposing to adopt regulations pursuant to the authority given under Water Code Section 12601. The Board is implementing, interpreting, and making specific Water Code Sections 12582.7, 12585.7 and 12585.9. The proposed regulations would establish criteria and a process for determining the percentage of State financial assistance in flood management projects. These new regulations would add Sections 570 through 577, inclusive, to Title 23 of the California Code of Regulations.

INFORMATIVE DIGEST/PLAIN ENGLISH OVERVIEW

In 2000, the Legislature passed and the Governor signed AB 1147, a bill that requires the DWR to adopt regulations for determining the level of State financial assistance in flood management projects. The regulations establish criteria and a process to determine a project's level of contribution and the recommended State share of costs for flood management projects. These regulations would implement and make specific Water Code Section 12585.7, which states five possible objectives for flood management projects to consider in their design. Projects resulting in a significant contribution to any of the stated objectives may receive an increase in State share of costs.

Part 6 of the Water Code gives DWR general authority to provide financial assistance to flood control projects. Water Code Section 12582.7 makes federal participation a prerequisite to State financial assistance, and Water Code Section 12585.7, for projects authorized after 1/1/2002, establishes State financial assistance at 50 to 70 percent of nonfederal capital costs related to flood control and other purposes, nonfederal capital costs of fish, wildlife, and recreation mitigation, and nonfederal planning, engineering, and design costs. The United States government requires nonfederal (State or local) payment of these costs. The federal requirements are further described in Sections 2213, 2215(b), and 2215(c) of the United States Code.

The percentage of State financial assistance in non-federal costs (State share) is a minimum of 50 percent.

It may increase up to 70 percent if the project makes significant contribution to one or more of the five objectives: (1) protection, creation, enhancement, or opportunity for enhancement of endangered species, riparian, aquatic, terrestrial, or other important habitats; (2) protection or enhancement of open space; (3) development or enhancement of designated recreational opportunities, provided the project is sufficiently accessible to the public; (4) increased flood protection for areas with median household income below 120 percent of poverty level; or (5) increased flood protection for State transportation or water supply facilities. The proposed regulations would provide specific criteria for determining the recommendation of DWR or the Central Valley Flood Protection Board as to the State share, based on the project's contribution to any of the objectives. Water Code Section 12585.7 requires DWR to develop these criteria by adopting regulations.

Water Code Section 12582.7 requires the submittal of a report containing specified information to the Legislature before State authorization of a project. Water Code Section 12585.7 requires the report or an addendum to it to include the State recommendation on State share based on substantial evidence in the record. The proposed regulations specify the evidence required and make it a part of the public record by including it in the report to the Legislature.

The proposed regulations include a scope section summarizing the intent of the regulations and a definitions section. There are sections describing Project eligibility, process of determining the State share, the contents of a report to be prepared by the local agency for review, the method and formulas to determine the project's contribution to the objectives, and the method to determine the recommended percentage increase and State share. It also includes a section describing the contents of the report to the Legislature and a section on adjustments to the recommended State share if the project changes substantially.

OTHER MATTERS PRESCRIBED BY STATUTE SPECIFICALLY FOR THIS AGENCY: FEDERAL CONFORMITY

The proposed regulations deal exclusively with relationships between State government and local government. There is no known existing or comparable federal regulation or statute. DWR finds that these regulations have no conflict with or duplication of federal regulations.

LOCAL MANDATE

This proposal does not impose a mandate on local agencies or school districts.

FISCAL IMPACT ESTIMATES

This proposal does not impose any costs on any local agency or school district for which reimbursement would be required pursuant to Part 7 (Commencing with Section 17500) of Division 4 of the Government Code. This proposal does not impose other nondiscretionary cost savings on local agencies. This proposal does not result in any cost or savings in federal funding to the state. The purpose of the proposed regulations is to determine the amount of State financial assistance provided to flood management projects, and therefore the regulations will have an impact on costs to participating local agencies. Local agencies that choose to participate in the program will achieve a cost savings of between 50 percent and 70 percent of the nonfederal costs, depending on the project's contribution to the objectives. The proposed regulations will not result in either a savings or a cost to local agencies that choose not to participate in the program.

COSTS OR SAVINGS TO STATE AGENCIES

The statute provides that the State share of authorized flood management projects is 50 percent of the nonfederal cost, plus up to 20 percent additional for significant contribution to any of the specified objectives. The proposed regulations make specific the criteria and process to determine a project's contribution to the objectives. The purpose of these regulations is to determine the amount of State financial assistance to be provided by DWR or the Central Valley Flood Protection Board for a project, and therefore the regulations will have an impact on State costs. The statute that the regulations implement supersedes a previous statutory provision for a fixed state share of 70 percent State share of the nonfederal costs for flood management projects. The proposed regulations will result either in the same cost to the State as the previous statute or in a savings of up to 20 percent depending on the project's contribution to the objectives.

BUSINESS IMPACT/SMALL BUSINESS

No adverse economic effect would result from the proposed regulations. In making this determination, DWR relies solely on the purpose of the proposal and the referenced statutes, which do not change the total cost of any project, but only affect the allocation of the costs between local and State government. The level of potential private business participation, including small business, in any flood protection project is unaffected, and there is no imposition of direct costs or benefits to small businesses as defined by section 11342.610. The Department makes an initial determination that this ac-

tion will not have a significant, statewide, adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

ASSESSMENT REGARDING THE EFFECT ON JOBS/BUSINESSES

The DWR has determined that this regulatory proposal will not: (1) create or eliminate jobs within California; (2) create new business or eliminate existing businesses within California; or (3) affect the expansion of businesses currently doing business within California.

COST IMPACT ON REPRESENTATIVE PERSON OR BUSINESS

DWR is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

EFFECT ON HOUSING COSTS

None

ALTERNATIVES

DWR must determine that no reasonable alternative it considered or that has otherwise been identified and brought to its attention would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action. DWR invites interested persons to present statements or arguments with respect to alternatives to the proposed action at the above—mentioned hearing or during the written comment period.

STATEMENT OF REASONS AND INFORMATION

The DWR has prepared an initial statement of reasons for the proposed regulations and has available all the information upon which the proposal is based.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Summary of Existing Laws:

In May 2007, Governor Arnold Schwarzenegger signed into law Assembly Bill 900, the Public Safety and Offender Rehabilitation Services Act of 2007. Those requirements are now reflected in Chapter 7, Statutes of 2007 and in new sections of the Government Code. These sections (15820.906 and 15820.916) outline the CSA's responsibilities to administer local jail construction funding. Specifically, Section 15820.906 and 15820.916 require the CSA to adopt regulations for the approval or disapproval of local jail facilities.

Penal Code Section 5058.3 authorizes the Director to adopt, amend or repeal emergency regulations conducted pursuant to Government Code Section 11340.

Summary of Existing Regulations:

There are no standards that address the CSA's responsibilities in Chapter 7, Statutes of 2007. Previously, the Board of Corrections¹ administered the County Jail

¹ As a result of the reorganization of California's correctional system in 2005, the Board of Corrections was renamed the Corrections Standards Authority.

Capital Expenditure Bond Acts of 1981 and 1984, the County Correctional Facility Capital Expenditure Bond Act of 1986 and the County Correctional Facility Capital Expenditure and Youth Facility Bond Act of 1988. Regulations in effect at that time were located in Title 15, California Code of Regulations, Division 1, Chapter 1, Subchapter 2. There are no comparable federal regulations or statutes.

The proposal form, titled 2007 Local Jail Construction Funding Program Proposal and dated December 20, 2007, is attached to the Request for Proposals, Construction or Expansion of County Jails. This thirteen page form is incorporated by reference into these regulations because it would be impractical, cumbersome and unduly expensive to publish in the California Code of Regulations. Also, the proposal form is an interactive form to be completed by counties electronically, printed and submitted as the project proposal along with other required documents as attachments. The Request for Proposals is available through the Authority's website at http://www.cdcr.ca.gov/Divisions_Boards/ CSA/index.html. It is also available to the public upon request directly from the Authority's business office located in Sacramento, CA.

Section 1731, Needs Assessment Study. California Government Code Sections 15820.906 and 15820.916 requires that counties must have a justified and documented need for the proposed project to be funded by the 2007 Local Jail Construction Funding Program. This new regulation was added to describe how the counties would document their need for the funding. This new regulation requires counties that are adding twenty–five beds or more to complete and submit as part of the county's proposal, a needs assessment study pursuant to Title 24, CCR, Part 1, Section 1302(c)2.

participating county, State Public Works Board, CDCR and the Authority.

Section 1749, Submittal of Architectural Drawings and Specifications. New statutory language requires the Authority to review and approve the plans and specifications of local jails considered for funding through the 2007 Local Jail Construction Funding Program. This new regulation describes the requirements for that process.

Section 1750, Staffing Plan/Operating Cost Analysis. New statutory language requires that counties must, within ninety days of construction completion, staff and operate local jails built through the 2007 Local Jail Construction Funding Program. This new regulation requires that counties develop a plan that describes how the new facility will be staffed and how its operation will be funded throughout the life of the facility.

Section 1751, General County Requirements. This new regulation describes a participating county's responsibilities as delineated in California Government Code Sections 15820.901, 15820.905, 15820.911 and 15820.915.

Section 1752, Ground Lease. This new regulation describes the transfer of the possession and control of the property upon which the local jail facility will be constructed from the participating county to CDCR.

Section 1753, Right of Entry for Construction. This new regulation was added to authorize the participating county and their contractors to use the site that has been leased to CDCR via the above referenced ground lease.

Section 1754, Facility Sublease. As indicated in the new Section 1752, the property upon which the local jail facility will be constructed will be leased to CDCR. This new regulation was added to describe the requirements to sublease the local jail facility back to the participating county.

ARTICLE 4. ADMINISTRATION OF THE PROCEEDS OF THE STATE BOND FUNDS AND PROJECT MONITORING

Section 1756, Disbursement of the Proceeds from the Lease–Revenue Bond Funds. This new regulation describes how lease–revenue bonds will be disbursed to participating counties.

Section 1757, Pooled Money Investment Board. This new regulation describes the interim financing provided by the Pooled Money Investment Board (pursuant to Government Code Sections 61312 and 61313) through the CDCR, to the participating county, for the local jail project until lease—revenue bonds are sold.

Section 1760, Accounting. This new regulation describes the accounting requirements that participating

counties must adhere to if awarded state funds though the 2007 Local Jail Construction Funding Program.

Section 1766, Monitoring of Process. This new regulation describes the project monitoring requirements of the Authority and the Board.

Section 1767, Completion of Project. This new regulation requires the county to construct the project in accordance with the agreements as approved by CDCR and the Board and plans and specifications as approved by the Board and the Authority.

Section 1770, Audits. This new regulation describes the audit requirements that participating counties must adhere to if awarded state funds through the 2007 Local Jail Construction Funding Program.

Section 1772, Unused Proceeds of Lease–Revenue Bonds. This new regulation stipulates the process that occurs in the event a participating county does not use all the state funding that was awarded to them through the 2007 Local Jail Construction Funding Program.

ARTICLE 5. APPEAL PROCEDURES

Section 1776, Purpose. The intent of this new regulation is to describe the scope of the regulations in Article 5. These are the regulations that counties would follow in the event they object to the proposal evaluation and rating process.

The definition of "Appeal hearing" was provided to describe the administrative process that provides a participating county the formal means by which to object to the proposal evaluation and rating process.

The definition of <u>"Appellant"</u> was included to describe the participating county that has an objection to the proposal evaluation and rating process.

The term "Authority" was included for Corrections Standards Authority (an entity within the California Department of Corrections and Rehabilitation); the state agency responsible for administering the 2007 Local Jail Construction Funding Program in conjunction with the California Department of Corrections and Rehabilitation and the State Public Works Board.

The definition of <u>"Authorized representative"</u> was included to describe that person authorized by the appellant to act as his/her representative in any or all aspects of the appeal hearing.

DEPARTMENT OF FISH AND GAME

Department of Fish and Game —
Public Interest Notice
For Publication June 13, 2008
CESA CONSISTENCY DETERMINATION
REQUEST FOR
San Pablo Dam Seismic Upgrade Project
Contra Costa County

The Department of Fish and Game (Department) received a notice on May 28, 2008 that the East Bay Municipal Utility District (EBMUD) proposes to rely on a consultation between federal agencies to carry out a project that may adversely affect species protected by

2080-2008-012-03

the California Endangered Species Act (CESA). This project consists of a seismic upgrade to San Pablo Darn located approximately three miles southeast of El Sobrante and east of Richmond in Contra Costa County, CA (Project). The Project entails removal of the existing downstream buttress, improvements to the foundation alluvium beneath the downstream toe of the dam, and construction of a larger downstream buttress. Project activities associated with stockpiling, excavation and grading, the construction of a new buttress, and modifications to water channels will result in permanent impacts to 2.62 acres of aquatic and riparian habitat of the Alameda Whipsnake (Masticophis lateralis euryanthus). Noise, sediment, and stockpiling will have temporary impacts to 0.44 acres of aquatic and riparian habitat of the Alameda Whipsnake.

The US Fish and Wildlife Service (Service) issued a "no jeopardy" federal biological opinion (81420-2008-F-0253)(BO) and incidental take statement (ITS) to the U.S. Army Corps of Engineers (Corps) on April 15, 2008, which considered the effects of the project on the Federally threatened and State threatened Alameda Whipsnake. The Service issued an amendment to the BO to the Corps on May 22, 2008. Pursuant to California Fish and Game Code Section 2080.1, EBMUD is requesting a determination that the BO and ITS, as amended, are consistent with CESA for purposes of the proposed Project. If the Department determines the BO and ITS are consistent with CESA for the proposed Project, Caltrans will not be required to obtain an incidental take permit under Fish and Game Code section 2081 for the Project.

CHEMICALS KNOWN TO THE STATE TO CAUSE CANCER OR REPRODUCTIVE TOXICITY JUNE 13, 2008

The Safe Drinking Water and Toxic Enforcement Act of 1986 requires that the Governor revise and republish

at least once per year the list of chemicals known to the State to cause cancer or reproductive toxicity. The identification number indicated in the following list is the Chemical Abstracts Service (CAS) Registry Number. No CAS number is given when several substances are presented as a single listing. The date refers to the initial

appearance of the chemical on the list. For easy reference, chemicals which are shown underlined are newly added. Chemicals which are shown with a strikeout were placed on the list with the date noted, and have subsequently been removed.

OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT

CALIFORNIA ENVIRONMENTAL PROTECTION AGENCY OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT

SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986 (Proposition 65)

NOTICE TO INTERESTED PARTIES June 13, 2008

CHEMICAL LISTED EFFECTIVE **June 17, 2008**AS KNOWN TO THE STATE OF CALIFORNIA
TO CAUSE CANCER

The Office of Environmental Health Hazard Assessment (OEHHA) within the California Environmental Protection Agency is adding *dibromoacetic acid* (*CAS No. 631–64–1*) to the list of chemicals known to the state to cause cancer for purposes of the Safe Drinking Water and Toxic Enforcement Act of 1986 (Health and

Safety Code section 25249.5 et seq., commonly known as Proposition 65). The listing of *dibromoacetic acid* is effective **June 17, 2008**.

Dibromoacetic acid (CAS No. 631–64–1) is being listed as a chemical known to the State of California to cause cancer. The listing of this chemical is based on formal identification by an authoritative body (i.e., the National Toxicology Program (NTP)), that the chemical causes cancer. The criteria used by OEHHA for the listing of chemicals under the "authoritative bodies" mechanism can be found in Title 22, Cal. Code of Regs., section 12306.

The reader is directed to the Notice of Intent to List *Dibromoacetic acid* (*CAS No. 631–64–1*) published in the April 18, 2008 issue of the *California Regulatory Notice Register* (Register 2008, No. 16–Z) for the documentation supporting OEHHA's determination that the criteria for administrative listing have been satisfied for this chemical.

OEHHA analysis of dose–response data to establish the no significant risk level (NSRL) for *dibromoacetic acid* (CAS No. 631–64–1) under Proposition 65 has not yet been conducted. The priority status for the development of such analysis will be announced in a future OEHHA *Proposition 65 Status Report for Safe Harbor Levels*, available at http://www.oehha.ca.gov/prop65.html.

A complete, updated Proposition 65 list is published elsewhere in this issue of the *California Regulatory Notice Register*.

RULEMAKING PETITION DECISIONS

MEDICAL BOARD OF CALIFORNIA

DEPARTMENT OF CONSUMER AFFAIRS STATE OF CALIFORNIA

In the Matter of the Petition to Adopt Regulations Regarding Physician Supervision of Elective Cosmetic Medical Procedures

DECISION DENYING PETITION

On February 15, 2008, John Valencia, Esq., representing the American Society for Dermatologic Surgery Association (ASDSA), CalDerm and the Osteopathic Physician and Surgeons of California, wrote a letter to Barbara Johnston, Executive Director of the Medical Board of California ("Board"). The letter petitioned the Board to adopt regulations pertaining to physician and surgeon supervision of elective cosmetic medical procedures. In accordance with the provisions of section 11340.7 of the Government Code, the petition was placed on the agenda for consideration by the Board at its meeting on April 25, 2008.

The petition followed a series of three public forums on the use of lasers and intense pulse light devices held jointly by the Board and the Board of Registered Nursing (BRN). Pursuant to section 2023.5 of the Business and Professions Code, the Board and BRN were re-

quired to study the issues and problems surrounding the use of these devices in such cosmetic procedures and promulgate those regulations deemed necessary for protection of the public.

At its meeting on April 25, 2008, the Board voted to deny the petition in whole pending the outcome of current legislation. The petition was denied on the following grounds:

- 1. Assembly Bill 2398 and Senate Bill 1454, regarding elective cosmetic medical procedures and the performance thereof, are currently pending before the Legislature and any regulatory undertakings at this time would be premature.
- 2. Despite a substantial amount of public input and thorough discussion at the public forums, no consensus was achieved as to a single solution that would address public protection when these devices are used to perform elective cosmetic procedures.

Interested persons may obtain a copy of the petition from the Board by contacting Janie Cordray at (916) 263–2652, or at jcordray@mbc.ca.gov, or by sending a written request to the following address: Medical Board of California, 2005 Evergreen Street, Suite 1200, Sacramento, CA 95815.

OAL REGULATORY DETERMINATIONS

OFFICE OF ADMINISTRATIVE LAW

DETERMINATION OF ALLEGED UNDERGROUND REGULATION (Summary Disposition)

(Pursuant to Government Code Section 11340.5 and Title 1, section 270, of the California Code of Regulations)

DEPARTMENT OF CORRECTIONS AND REHABILITATION

Date: May 30, 2008
To: Richard Burgos

From: Chapter Two Compliance Unit

Subject: 2008 OAL DETERMINATION NO.

7(S)

(CTU2008-0422-03)

(Summary Disposition issued pursuant to Gov. Code, sec. 11340.5; Cal. Code Regs., tit. 1, sec. 270(f))

Petition challenging as an underground regulation a court order issued by Superior Court, County of San Joaquin and Penal Code section 4024.1.

On April 22, 2008, you submitted a petition to the Office of Administrative Law (OAL) asking for a determination as to whether a court order and a provision in the Penal Code are underground regulations. The court order was issued by the Superior Court, County of San Joaquin, case no. 43450, *In the Matter of Johnnie A. Smith, et al., for Writ of Habeas Corpus* and *In the Matter of Daniel S. Gonzales, et al., for Writ of Habeas Corpus* case no. 44255. You also allege that Penal Code section 4024.1 is an underground regulation.

In issuing a determination, OAL renders an opinion only as to whether a challenged rule is a "regulation" as defined in Government Code section 11342.600, which should have been, but was not adopted pursuant to the Administrative Procedure Act (APA). Nothing in this analysis evaluates the advisability or the wisdom of the underlying action or enactment. OAL has neither the legal authority nor the technical expertise to evaluate the underlying policy issues involved in the subject of this determination.

Generally, a rule which meets the definition of a "regulation" in Government Code section 11342.600² is required to be adopted pursuant to the APA. In some cases, however, the Legislature has chosen to establish exemptions from the requirements of the APA.

With respect to the court order, pursuant to Government Code section 11340.9 the APA does not apply to "[a]n agency in the judicial or legislative branch of the state government." A decision issued by a superior court is issued by an agency in the judicial branch of

¹ Such a rule is called an "underground regulation" as defined in California Code of Regulations, title 1, section 250, subsection (a):

[&]quot;Underground regulation" means any guideline, criterion, bulletin, manual, instruction, order, standard of general application, or other rule, including a rule governing a state agency procedure, that is a regulation as defined in Section 11342.600 of the Government Code, but has not been adopted as a regulation and filed with the Secretary of State pursuant to the APA and is not subject to an express statutory exemption from adoption pursuant to the APA.

² "Regulation" means every rule, regulation, order, or standard of general application or the amendment, supplement, or revision of any rule, regulation, order, or standard adopted by any state agency to implement, interpret, or make specific the law enforced or administered by it, or to govern its procedure.

³ "This chapter [APA] does not apply to any of the following: (a) An agency in the judicial or legislative branch of the state government. . . ."

state government⁴ and is therefore exempt from compliance with the APA. The court order that you challenge is therefore not an underground regulation.

With respect to Penal Code section 4024.1, "regulation" is defined in Government Code section 11342.600, as ". . .every rule, regulation, order, or standard of general application or the amendment, supplement, or revision of any rule, regulation, order, or standard adopted by any state agency. . . ." Penal Code section 4024.1 was adopted by the Legislature, not a state agency, and therefore does not meet the definition of a "regulation." Therefore, the Penal Code section that you challenge is not an underground regulation.

For the reasons discussed above, we find that the court order and Penal Code section 4024.1 challenged by your petition are not underground regulations.⁵

The issuance of this summary disposition does not restrict your right to adjudicate the alleged violation of section 11340.5 of the Government Code.

Date: May 30, 2008

Susan Lapsley Director

⁴ Government Code section 900.3:

A "judicial branch entity" is a public entity and means any superior court, court of appeals, the Supreme Court, the Judicial Council, or the Administrative Office of the Courts.

- (2) Circumstances in which facts demonstrate that the rule challenged by the petition is not an underground regulation include, but are not limited to, the following:
- (A) The challenged rule has been superseded.
- (B) The challenged rule is contained in a California statute.
- (C) The challenged rule is contained in a regulation that has been adopted pursuant to the rulemaking provisions of the APA
- (D) The challenged rule has expired by its own terms.
- (E) An express statutory exemption from the rulemaking provisions of the APA is applicable to the challenged rule. (Emphasis added.)

DECISION OF DISAPPROVAL OF REGULATORY ACTION

Government Code Section 11349.3 OAL File No. 2008–0415–02 S

SUMMARY OF REGULATORY ACTION

The State Department of Social Services ("Department") proposed changes to the Manual of Policies and Procedures ("MPP") that would have updated the requirements for training that child welfare workers and child welfare supervisors, juvenile probation officers and supervisors responsible for foster care placement must receive to properly perform their duties. Training that is simply recommended under the current rules would become mandatory under the new regulations. On April 15, 2008, the proposed regulations were submitted to the Office of Administrative Law ("OAL") for review in accordance with the Administrative Procedure Act ("APA") and on May 28, 2008, OAL disapproved the regulations. This Decision of Disapproval explains the reasons for OAL's action.
